

**Attention:**

- Specimen Label is for general information only.
- This information may differ from product label.
- Always follow the label and instructions on the product.
- Not a fertilizer substitute

Minimum Guaranteed Analysis:

Active Ingredient

D-Glucitol Soil Biology Accelerator 8%

Inert Ingredient

Aqueous carrier 92%

Purpose:

Stable feed for soil bacteria to increase activity.

Shelf life:

- 2 years from time of production.

Package sizes available:

- 2x2.5-gallon, net weight 50.05 lbs.

Application rate:

- In furrow – 16 oz per acre with minimum of 3-gallon liquid carrier
- Foliar – 16 oz per acre with minimum of 10 gallon liquid carrier

For best results:

- Store in a dry and shaded location in temperatures between 40° and 77° F.
- Open container when ready to apply to seed.
- Mix with liquid starter fertilizers or herbicides or water
- Apply at planting in furrow with seed
